

CA103

End Clamp with snap on mounting suitable for DIN35 Type DIN Rails in Grey Colour.

End clamps (also known as end stops or end brackets) are used in terminal block assemblies to secure terminal blocks firmly on the DIN rail, preventing them from sliding or shifting due to vibration, wire tension, or mechanical stress.

Dimensions

Colour	Grey
Height	32.3 mm
Height with DIN 35x7.5	36.1 mm
Height with DIN 35x15	43.2 mm
Width (Thickness)	6 mm
Length	41.0 mm

Technical Data

Material	Polyamide
Material Grade	V2
Type of End Clamp	Screwless

Ordering Information

Weight (Excluding Packaging)	3.6 gms
Weight (Including packaging)	3.7 gms
Standard Pack	50 Nos
