

LED Inspection Light

Features

- Light weight & Maintenance free.
- 24 bright LED's offering a spectrum of illumination
- LED's with Long life of close to 100,000 continuous burning hours.
- IP 54 Protection
- Product made of robust, impact proof, corrosion resistance and fire retardant engineering plastic
- Low power consumption - less than 3 watts
- Designed with mounting hook
- LED inspection light is devoted to offering the light with the highest quality during elevator maintenance and panel inspections.

Technical Specifications

Rated Voltage	240V AC, 110V AC, 24V AC/DC, 12V DC
Limit of Operating Voltage	-20% to + 10% of rated voltage
LED	5 mm through hole LED
Colors	White light / black handle
Life	0.1 million hours
LED Arrangement	Cluster
Color Temperature	6000°K - 7000°K
Number of LEDs	24
Operating Temperature	-25°C to 65°C
Storage Temperature	-30°C to 70°C
Surge Test	2 KV
HV Test for 60 seconds	2.5 KV
EMI/EMC Protection	2 KV
IP Protection	IP 54
Power Consumption (240V)	< 3W
Cable Type	3x 0.75 sq. mm
Cable Length	3 meter (10 ft.)*
Mounting	Molded plastic hook

* Other lengths available. Contact Altech.

Ordering Information

Part No.	Color	Voltage	Plug**	Std. Pk.
IL24D31W240A	Cool White LED	240 VAC	Not provided	1
IL24D31W110A	Cool White LED	110 VAC	Standard US plug	1
IL24D31W024C	Cool White LED	24 V AC/ DC	Not provided	1
IL24D31W012D	Cool White LED	12 V DC	Not provided	1
IL24E31W240A	Warm White LED	240 VAC	Not provided	1
IL24E31W110A	Warm White LED	110 VAC	Standard US plug	1
IL24E31W024C	Warm White LED	24 V AC/ DC	Not provided	1
IL24E31W012D	Warm White LED	12 V DC	Not provided	1

** Plugs available. Contact Altech.
